

Can Be Safely Cleaned & Sanitized

Cannot Be Safely Cleaned & Sanitized

How to Clean Undamaged, All-Metal Cans:

- Brush or wipe away any dirt or silt.
- Remove labels, if possible. Using permanent marker, label the containers with contents and expiration date.
- Follow these steps for cleaning & sanitizing:

Wash with Soap

Rinse

Sanitize*

Air Dry
(At least 1 hr.)

*Sanitize by placing in boiling water for 2 minutes or immersing in a fresh solution of 1 tablespoon unscented 6% bleach or 1 teaspoon unscented 8.25% bleach per gallon of clean room-temperature water. Do not use low splash or scented bleach.

- After air drying for 1 hour, re-label cans with a permanent marker if labels were removed.

Throw out home-canned foods & damaged, all-metal cans if they have come in contact with flood water.
