Apple Raisin Ladybugs
Makes 1 serving

½ medium red apple
½ Tablespoon peanut butter
10 raisins
4 grapes

1. Rinse apple and grapes in cold water and cut in half. Cut each half in half again. Remove the core and seeds from the apple.
2. Use a thin layer of peanut butter to hold the two halves together and place the “ladybug” body on a plate with the red side up.
3. Raisins can be dipped in peanut butter and place on apple to represent spots on the ladybug.
4. Grapes can be used for head, eyes and feet.
