1. Have adult microwave popcorn, pop in a popcorn popper or pop the traditional way over the stove.
2. Put into a clean big paper bag or bowl.
3. Sprinkle the topping of your choice on top of the popcorn. Close the bag and shake it up.
4. For extra sticking power and a buttery feel, sprinkle water onto hot popcorn, then add seasoning. It's so tasty, you won't even need butter or salt.

Not recommended for children under age five. Popcorn may be difficult for young children to eat safely.
